

Quadrifoil Kitesurfer : £299.00 - £685.00

The KiteSurfer X-Foils are high performance racing foils and once flown, their 10 years of distinguished breeding becomes evident. Based on our proven COMPETITION-X series of QUADRIFOIL land traction racing foils, these foils have been engineered specifically for the water, utilizing the experience gained since the first QUADRIFOIL kite was designed in 1984. Superior performance and easy water relaunching make this the ideal kite for KiteSurfers looking for optimum speed and fantastic upwind ability.

- Water relaunchable
- Extremely efficient wing design
- Bridle lines engineered for water-traction use
- Smooth acceleration Excellent upwind penetration
- Chikara Double coated water resistant polyester

Model	Wingspan (metres)	Flat Surface Area (sq m/)	Aspect Ratio	Wind range (kph/mph)+	Skill Level	Cells
XM	3.78	3.48	High	30/20	Exp/Adv	20
XL	4.50	4.92	High	25/15	Exp/Adv	30
XXL	5.40	7.09	High	18/12	Exp/Adv	20
XXXL	6.30	9.66	High	12/8	Exp/Adv	30

Quadrifoil Competiton X: £215.00 - £619.00

These new foils have been reshaped for better control, while a thinner profile, with more cells for a harder surface, allows better upwind penetration. The construction, as with the first generation of COMPETITIONS, is the finest in the industry with reinforced seams, mylar reinforcing tape on the trailing edges and inlet ports, reinforced bridle attachment points and re-inforced cross venting ports for blowout protection.

- Strong smooth acceleration
- Extreme upwind capability
- Responsive handling
- Chikara Double coated water resistant rip-stop nylon

Complete with handles, all weather storage bag and instructions.
